INSURGENT GOMEZ

Catches Canella and His Large Force of Troops in a Trap.

HE IS TOO FOXY FOR SPANIARDS.

Had Not Reinforcements Arrived the Entire Band of Dons Would Have Been Annihilated—More Than a Third of the Royal Troops Were Killed—Insurgents Are Well Armed.

Key West, Feb. 10.—Dr. J. D. Castillo, surgeon general of Gomez's army, arrived here on the pilot boat Nonpareil, which received him from a schooner in the gulf. Dr. Castillo left Gomez's headquarters Wednesday, and is the bearer of dispatches to Cuban leaders in New York. Castillo witnessed the battle between the Spaniards and the insurgents under Patricio Diaz, which occurred Feb. 3, near Guanajay.

"Canella," said Dr. Castillo, "had been sent with 1,200 men by Marin to prevent Gomez and Gomez's army from passing through the Sadrirages stock farm, and is flanked by fields divided by stone fences. West of the fences is a hill, and there the trap was set. Six hundred Cuban infantrymen were placed behind the fences, and Diaz, with 1,000 cavalry, waited behind the hill. As soon as Canella's column was in the trap the Cuban infantrymen poured in a withering fire.

"The Spaniards broke toward the west, and then Diaz charged with his cavalry, driving the Spaniards back to where the Cuban infantry was concealed. Caught by a crossfire, the Spaniards huddled like sheep, and were easy marks for our bullets. Finally Canella was wounded and the entire command fled in disorder toward Guanajay. Diaz and his cavalry pursued, and the Spaniards would have been utterly destroyed had they not been met while fleeing by heavy reinforcements from Guanajay, where the firing had been heard.

"When Diaz saw the reinforcements he stopped pursuing. Although brief it was one of the bloodiest battles of the war. There were fully 300 Spaniards killed, for I counted over 200 corpses myself. Our loss was only 40 killed, as we were protected by the stone fences."

Dr. Castillo says General Gomez has not been killed or wounded by the Spaniards, neither has he died from consumption as the Spaniards have persistently tried to make the people of the United States believe. He is in the best of health and has an abundance of arms, ammunition and men, and is as confident of ultimate victory as he is that he is now engaged in war with Spain.

Several Spanish Vessels Hanged.

HAVANA, Feb. 10.—At Rio Seco the insurgents have hanged two Spanish spies. They have burned the Central plantation at Esperanza Cardenas with a loss of \$400,000. At San Juan Martinez they have hanged five spies and have killed with machetes a boy 14 years old who was acting the spy. At Las Cruces they hanged Sebastian Torres, who left nine children orphans. At Jovanellos the band of Juan Vasquez destroyed some tobacco houses.

Peppered the Spanish Troops.

HAVANA, Feb. 10.—In the engagement between Colonel Segura and the insurgents under Maceo at San Gristo, the Spaniards lost three officers killed, and three wounded before they could get away. Among them was Captain Gili de Gili, who was distinguished for his valor. Seven soldiers were killed and 40 wounded.

Burned the Records.

HAVANA, Feb. 10.—The insurgents entered the village of Calvario, 15 miles from Havana, and burned the records there and captured two policemen. They went in the direction of Gotores.

FAVORS A TUNNEL.

It Would Be Cheaper Than to Bridge the Detroit River.

CLEVELAND, Feb. 10.—General William Scott Smith of Chicago in a letter to Harvey D. Golder, general counsel of the Lake Carriers' association, advocates the building of a tunnel under the Detroit river instead of a bridge, across it. He estimates the cost of such a tunnel at \$3,000,000, saying that a bridge, exclusive of right of way and land damages, would be \$4,000,000.

Murdered by Indians.

PORT TOWNSEND, Wash., Feb. 10.—Serious apprehension is felt for the safety of four white men and one woman who are believed to have been murdered by the Hainagan Indians of Kodiak Island, Alaska. EL PASO, TEX., Feb. 10.—Martin Julian has received the following cablegram:

LONDON, Feb. 10.—Should the contest not take place and there be no chance to pull it off, the National Sporting club of London will post £25,000 for a 20 round fight. Wire acceptance or disputation to A. Lambert, New York. RACQUE.

When Julian opened this message he crumpled it up and said indignantly, "Well, what do you think of that? Here we are fighting to a finish for a cheap purse and taking chances against ships when we might pull this off in the best sporting club house in the world and get a lot of money out of it."

Julian seemed very much out of sorts, and in view of the message from London he will evidently not be broken-hearted if the contest is prevented and big fight driven from this hemisphere to London.

The third brother, Elton, had his scalp grazed with two shots. It is not known how bad the Williams boys are wounded, yet it is known that at least one of them is seriously wounded and will die.

Two Children Killed.

A SHORT SESSION.

Hawaiian Legislature Limited to Ninety Days.

INDEPENDENCE DAY OBSERVED.

British, French and Japanese Representatives Refuse to Participate Because They Have Not Recognized the Dole Government.—Mr. Willis Said He Would Have to Ask Secretary Olney.

HONOLULU, Feb. 10.—The 17th of January having been declared a national holiday by the republic, invitations to take part were sent to the diplomatic and consular corps. Favorable replies were received from all but the representatives of the United States, England, Japan and France. Of these representatives the last three stated in their replies to this government that, as their governments had never recognized the provisional government, and as the holiday was given in celebration of the formation of that government, they did not feel it incumbent upon them to in any way participate. Mr. Willis replied, stating that he would lay the matter before Secretary Olney.

Minister Cooper denies the statement published in the San Francisco papers regarding his recent visit to Hawaii. His trip to Hilo was simply in conformity with the policy of the government. There was nothing in the manner of secession of the people on the big island to call for a visit of any member of the government to Hilo.

The legislature will meet on the 19th inst. Under act 60 of the constitution the legislature can not sit more than 90 days except by special extension by the president, and then not for more than 30 days additional. Many important questions will be considered, the Asiatic question being one. Chinese and Japanese were originally brought here to work on plantations, but at the expiration of their contracts many of them drifted into Honolulu and engaged in public pursuits, directly in competition with the white merchants and mechanics. This competition is commencing to be felt very keenly.

DROWNED IN A MEADOW.

Lovers Drive Into Nine Feet of Water and Meet Death.

MIDLETOWN, N. Y., Feb. 10.—Peter J. Atkins, proprietor of a wagon repair shop in this city, took Mand Kelly, 23, out driving. They crossed Walkkill river at Hopkiss bridge, and in the darkness Atkins drove off the road into the flooded meadow. The water was nine feet deep and the two stood on the seat of the wagon calling for help. A Frenchman named Baupre went to their assistance with a lantern, but when the water reached his hips he was obliged to retire. The two succumbed to the intense cold and both sank beneath the flood after an hour's suffering.

Mann, the alleged betrayer of his sister, was announced two months ago, was found dead at the bottom of the air shaft in the rear of the flat house where his wife, himself and two-week-old baby had been residing with Hannigan's mother-in-law.

FOR SAFETY

Will Schibely, an Insane Man, Is Placed in Jail.

Sheriff Shaw was called out of his bed Sunday morning at 4 o'clock to assist in bringing an insane man in from West Marion and placing him in jail. Will Schibely was the individual, and he was brought up street Sunday morning and placed in jail for safe keeping, for it was feared that he would do some one bodily harm.

Schibely is a relative of John Seitz and has been in his employ for some time. On last Tuesday he began to show signs of insanity. On Saturday he raved all day. At times he will imagine that some one has cut off his wife's fingers, and again that her eye is punched out. Many thought that whiskey was the cause of his condition, but it is alleged that he drank very little. Sunday morning he became so violent that it was thought best for the safety of his wife and three children that he be placed in jail. Officer Hickman was summoned, but could do nothing alone and Sheriff Shaw was awakened and the man was handcuffed, placed in a truck and with much trouble escorted to the jail.

It is very probable that he will be sent to the asylum in a few days.

RHODES WEPT

When Brought Up in the Columbus Police Court for Forgery.

At Columbus Saturday, J. H. Rhodes was bound over in police court for forgery.

Rhodes said he was guilty to a certain extent of uttering a forged check, signed by Baird & Co. in favor of George House, for \$7.50. This he attempted to pass on the State Savings Bank and Trust company. Weeping, he said he had a wife and two children dependent upon him at Marion, and he committed the offense while drinking. He finally decided not to plead guilty, but waived examination.

Rhodes' story of drinking is true. Drink is his weakness, but he has not been of great benefit to his family.

Will Contest Judgment.

The liveliest scramble that has ever been made in this city over the rights of property is now in progress over the Vestibule saloon. Saturday Squire McKinley issued four judgments against the place in default of the appearance of Harry Kear.

Now comes the Stanton-Balment company through their attorneys, C. C. Fisher and H. E. Hill, and will contest the judgments. It is alleged by them that the service that was made on Kear will not hold. The summons were left at his place of residence, but they set up the claim that it was not his residence and that the summons were served after it had ceased to be his place of residence, and that therefore the attachments will not hold good.

Wellington and His Arsenal.

William Wellington, colored, is locked up in a cell at the city prison, charged with carrying concealed weapons. William was in a coach in the west end of the city this morning, and had with him a murderous looking knife and also a gun that was large enough to free Cuba.

Officer Munsell was made aware of the whereabouts of the walking armory, and going to the coach he took William away with him. At the prison he took the cutlery and shooting utensils away from him. William had nothing else on his person of any note, not even a jag.

Postponed the Date.

The date of the Tie Tac club minstrel has been changed. Rehearsals have been in progress and the boys have been making big preparations to go ahead with the show. It was the intention of the Tie Tacs to give the performance February 18.

At a meeting Saturday it was decided to postpone the date until March 2. The boys could hardly get ready by the 18th, and then the club thought it best to postpone the entertainment on account of the revival meetings now being held in the city. Rehearsals will go right on, however, and when the time comes for the show it will be better than ever.

UHLER, PHILLIPS & CO.

Absolutely the Lowest Prices, Always.

EVERY day thus far in 1896 our sales have been handsomely in excess of the corresponding time in 1895 or that of any other year in the history of this business. Never have our great January sales received such satisfactory patronage, never has there distribution of goods been anywhere nearly as large as during the month just past. We believe that the above results have been made possible because the enormous purchasing public is recognizing more substantially the full truth of our frequently repeated statement, viz: "Our Prices are Absolutely the Lowest." We can afford to make no mistake upon this point.

Again our great stocks are conspicuously the largest and best assorted in Marion, and in this period of gross exaggeration in newspaper advertising, when nearly every published statement is intended by its writer to be liberally discounted, we insist even more positively than ever that our advertising shall be free from every word or sentence which can mislead, and that we insist even more positively than ever that our advertising shall be free from every word or sentence which can mislead, and that "Our Advertisements Can Be Thoroughly Depended Upon in Every Particular."
